

```
package Assign17Pac;
public class Assign17Pac1Class1
{
    public void show_result1()
    {
        System.out.print("in class Assign17Pac1Class1... ");
    }
}
class MyPackage1Class2
{
    private void show_result2()
    {
        System.out.println(".....");
    }
}
```
